

CaringWomensConnection.com

This Holiday Season, with your help, *LGA* and *Caring Women's Connection* are joining forces to help make sure that Lake County children and/or families are not forgotten this holiday season.

We have created a "Giving Tree"

On the tree you will find ornaments or snowflakes with the information of a child or family in need of your help.

Choose and remove a snowflake or ornament from the tree.

Purchase the item, attach the snowflake or ornament to the unwrapped gift.

It will be used as the gift tag, and bring it into LGA.

We will deliver the gifts to the Caring Women's Connection and they will deliver the gifts to the families in need.

**The tree will be available from November 26th - December 15th at LGA.**

The last day for gifts to be dropped off at LGA is December 15th.

If you took an ornament, and for some reason can not make the purchase, please bring it back and place it back onto the tree.

There are many families in our area that are in need of basic everyday items such as food, clothing, shelter.

These may be things we take for granted.

Holidays should be the time of year that families can, if even for a moment, put their worries behind for a few hours, to celebrate the joys of the holiday season.

Love, health, and providing food and shelter, are the necessities of life, but we also understand the joy of watching our children unwrap a gift of clothing, toys, or any item that they were wishing for.

We are hoping to bring these less fortunate families that joy!

Thank You for your generosity during this Holiday Season!

We are certain you have brightened someone's holiday!
