# BIRTHDAY PARTY INFORMATION

Give your child a **Birthday Party** they will never forget...tumble on over to LGA, we are ready and waiting to celebrate with you!

On weekends, trained instructors from LGA host fun and unforgettable Birthday Parties for ages 3 and up.

Your Birthday child will be the center of attention while the entire party enjoys bouncing, jumping, tumbling, and much more in our state of the art gymnastics facility. Kids love this non-competitive activity of fun and games.

Leave the loud noise and cleaning to us!

After the 1 hour of fun in the gym ends with our large parachute, your child will be presented with a T-shirt while our instructors and your guests sing Happy Birthday.

From there we will head over to our Birthday party room for cake and refreshments.

Our on-site hostess will assist you with guest arrival, set up, and clean up of the birthday party room.

To book your party, a \$50.00 non-refundable deposit is required. This deposit will be used towards the total amount of your party.

The cost of your party will be based upon the quantity of children you book the party for, regardless whether less than the amount of children invited attend the party.

If your count goes higher than the number of children you booked the party for, we can check availability for an additional coach, and increase the price of your party to reflect the number of children.

If your count should exceed the maximum number of children, a \$100.00 charge will be added to your total. This is to assure there are enough coaches per child for your party. Safety and fun are of our highest concern.

We provide colorful easy to fill out invitations with envelopes that include our waiver.

Waivers for ALL Birthday guests must be signed and be completed in their entirety.

Guests can bring them to the party and give them to the hostess, or extras are available at the front desk.

Parents MAY NOT use the gymnastics equipment.

Children that need extra assistance must have a parent participating throughout the party.
